(406)442-8656 fax(406)442-3357 hdmaster@hdmaster.com

www.progressontheweb.com for Schools

1. \$750/year or \$90/month for:
 - a. Data hosting
 - b. Rack rental space
 - c. Bandwidth to support multiple hits
 - d. A school login page featuring your school colors and mascot
 - e. Service and support for the school will be provided at no cost for the first 90 days, after which it will be provided at our current support/service rate of \$75/hr with a minimum of ½ hour
2. Our customized 'one click' FTPMaster software (required) is included at no charge, but any programming enhancements required by your installation will be provided at our current programming rate of \$150/hr with a one hour minimum
3. One time initial set up fee of \$500
4. Additional customization of your login/search/details page is available for \$75/hour
5. Staff training available. Call for details

System Requirements: The school must be using Headmaster GOLD© for the ability to assign and/or generate pin numbers and to download a teacher list. Teachers must be using Grademaster PLATINUM© to allow for storing and individual edits of pin numbers. An internet connection with a good transfer rate is required for the daily data upload. There are *no* additional hardware requirements since all data is hosted on a D&S Diversified Technologies secure server.
